MOHAVE ELECTRIC COOPERATIVE, INC. Respondent,

Complainants request the Commission to deny Respondent's request to postpone this hearing to another date.

The Complainants have been denied electric hook-ups since the beginning of summer of 2002. This is almost a year and a half since the Complainants have filed for service from Mohave.

The Respondent was late in filing their response to the Commission regarding the Complainants' initial claim, in fact the Commission had to send the Respondent a letter asking them to respond. This delayed the hearing process. The Respondent asked for a postponement of the pre-hearing, which further delayed due process of the rights of the Complainants. This is the third delay that the Respondent has requested.

Some of the Complainants' witnesses have arranged to take the day off from work to be present at the October 27th hearing. The postponement of this hearing will cause undue hardships on the Complainants and their witnesses.

At the pre-hearing, the administrative judge said that witnesses could testify at the hearing via telephone. If Respondent's witness cannot be present, the Respondent's witness can testify by telephone.

If the Commission finds just cause to postpone this hearing, the Complainants are asking the Commission to issue an order that the Respondent place a \$1,000,000.00 bond to cover any damages and fines that may be levied.

Respectfully submitted this 18th day of October, 2003.
